

Dear Rush Creek Family,

Enclosed is our gift to you and your family to help you discover each other's love languages and begin meeting those needs. These resources are designed to assist you and your family in becoming a 5 Love Languages home. Included with this kit is a guide explaining the 5 Love Languages, profiles that you and your spouse and children/teens may take, and a 5 Love Languages At Home card to frame.

ADDITIONAL FREE RESOURCES AVAILABLE

- **The Love Language Challenge:** A five-week challenge that will help you show love to your spouse by completing a weekly assignment. You will receive weekly reminders with ideas specific to your loved one's love language. To sign up, go to lovelanguagechallenge.com or download the free Love Language Challenge App.
- **Love Language Wristbands:** After you have discovered each family member's love language, stop by the At Home center at your campus to pick up the 5 Love Languages wristbands for each person in your family. There will be a different wristband for each love language, so we recommend bringing the enclosed guide listing each family member and their love language to ensure you get everyone's correct wristband. Wear your wristbands to encourage and remind each other to show love in these specific ways.
