

connected **3D**

Dear Rush Creek Family:

Please accept this kit as our gift to help you and your family use technology in a God-honoring way. As your church, we want to walk along side you as you navigate the benefits and pitfalls associated with technology. We aim to help you replace virtual connection with real connection to God and each other by challenging you to be a **Connected3D** family. This will focus on 3 “D”s which stands for: Disconnect to connect, Deepen internal values, and Develop external boundaries. You will find simple ideas to help you with these three areas. This kit contains a guide, family contract, family activity cards, and more. I encourage you to use the “Tech-Free Zone” reminders to designate locations and times that you will put away the devices to connect with each other.
